"A pretty girl, even if she is poor can have all the attention she wants, can't she?"

"Yes. There's only one that can beat her."

"What's that?"

"A homely girl with the coin."

BAD STOMACH MAKES BAD BLOOD.

You can't make sweet butter in a foul churn. Every farmer's wife knows this. Your stomach churns and digests the food you eat, and if foul, torpid or out of order, your whole system suffers from blood poisoning. You will have foul breath, coated tongue, bad taste, poor appetite and a whole train of disagreeable symptoms. Dr. Pierce's Golden Medical Discovery, which is not a beverage composed of whisky or alcohol, being entirely free from intoxicants, is a great regulator and invigorator of the Stomach, Liver and Bowels.

"About a year ago I was ill with blood poisoning," writes Miss Eveline Louis, of 89 Walter Street, Buffalo, N. Y. "I had what seemed to be a small cold sore on my lip. It became very angry in appearance and began to spread until it nearly covered my face. I was a frightful sight and could not go outside the house because of my appearance. I used a blood medicine which did not give me any relief. Then I began to take your 'Golden Medical Discovery.' I was greatly benefited with the first bottle and after taking the second bottle was completely cured. The erysipelatous eruption disappeared and my blood was cleansed. My complexion is clear and fresh and I have felt better this year than I did for some time before. Dr. Pierce's Golden Medical Discovery is certainly a most remarkable medicine."

Don't accept a substitute for a medicine which performs such cures and which has a uniformly successful record of nearly forty years to its credit. It's an insult to your intelligence for a dealer to try by over-persuasion to palm off upon you in its stead some inferior article with no record to back it up. You know what you want; it is his business to meet that want.

$50,000 GIVEN AWAY. In copies of The People's Common Sense Medical Adviser, a book that sold to the extent of 500,000 copies a few years ago, at $1.50 per copy. Last year we gave away $30,000 worth of these invaluable books. This year we shall give away $50,000 worth of them. Will **you** share in this benefit? If so, send only 21 one-cent stamps to cover cost of mailing only for book in stiff paper covers, or 31 stamps for cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

Constipation although a little ill, begets big ones if neglected. Dr. Pierce's Pellets cures constipation.

Some Boston Boasts.

"The Hotel Pelham was the first French apartment house, or flat, as they have now come to call them, to be opened in the United States," said an old Bostonian. "At that time the late Dr. Dix, who owned the property, had returned from a European trip, where he got the idea. Upon his return he brought it with him, the Pelham was fitted up in that way, and the idea has continued to spread until it has gone all over the country. Another thing that you may have forgotten is the fact that the Parker House was the first hotel in the United States to be conducted on the European plan. It was in a Boston hotel, the American or the Revere—I forget just which one it was—that the elevator was first introduced."—Boston Record.

Try It.

"Don't you smell fire?"

"No, I don't think I do."

"I don't either, but most people do if you ask them."

Nirvana.

In "The Silken East" the author, V. C. Scott O'Connor, explains what that much discussed consummation of Nirvana, or neikban, is to the faithful Burmese:

And this neikban, what is it? Eternal extinction or eternal and conscious peace? The everyday Buddhist, in Burma at least, is in no doubt upon the subject, and for the rest, for an exalted idea of paradise, I do not remember to have come upon anything finer than this: "Where the believer expects to find a sure shelter against all errors, doubts and fears, and a resting place, where his spirit may securely enjoy the undisturbed possession of truth."

A Faithful Servant.

One night Prince Talleyrand was suddenly awakened by the firing of a pistol, and, seeing his valet walking about the room, he asked him what he was doing.

"There was a mouse in the room, your highness, and for fear it might disturb you I shot it."

A Cheerful View.

Walter's mamma was very sick with rheumatism, and he was rubbing her arms when she said, "Walter, it is too bad that mamma is such a trouble to you."

Walter replied cheerfully: "Never mind, mamma. If you are only just alive we don't care how much you suffer."

Used to Begging.

Graspit (angrily)—What! More money? If you keep on you'll bankrupt me. Then, after I'm dead, you will be a beggar. Mrs. Graspit (calmly)—Oh, well, I'd be a great deal better off than some poor woman who never had any experience in that line.

Courtesy to Strangers.

COUNTY OFFICIAL PAPER.

Saturday, March 3, 1906.

D. E. O'KEEFE-------EDITOR AND PROPRIETOR

THE COMING FOURTH.

"Last Wednesday evening at the Board of Trade banquet in this city, Messrs. P. P. Chamberlain, Geo. W. Lovie and F. H. Thorpe extended a cordial invitation to the people of San Mateo to celebrate the coming Fourth of July at Redwood City.

"It is new fifty years since the County of San Mateo was established and it has been decided to properly observe the event by a general county jubilee and to invite the people of the entire county to participate.

"San Mateo gladly accepts the invitation and to show our gratitude to the people of Redwood City for their valuable assistance in making our Fourth of July celebration last year such a success, we will turn out en masse and join the people of Redwood City in making the event one long to be remembered. Our Redwood City neighobrs may expect to see the bulk of our population with them on the Fourth."—San Mateo Leader, Feb. 21st.

Thank you, San Mateo. We know it. Of course weknew you would join us in making the coming Fourth of July one long to be remembered. And we know we can count on all the rest of thecounty, too.

There's a reason why the coming Fourth of July should be made the biggest event that has ever occured in the history of the County of San Mateo. It isn't every year you can celebrate a half-century anniversary.

As a county, we are about 90,000 acres bigger than we were when the county was organized, in 1856. In numbers we have grown from 4,000 to upwards of 20,000. The assessed value of the county's real estate last year was $10,916,725; the total value of its property, $18,322,717. Truly, half a century has seen some great changes. We havereason to be proud of our county. We should come together oftener to get better acquainted.

It's an interesting story, this first half century of San Mateo County's development. Up to 1856, what is now the greater part of this county was a part of San Francisco. In March of that year Hon. Horace Hawes introduced in the State Senate a bill known as the "Consolidation Act," which became a law and received the governor's approval on April 19th, 1856. Among its provisions were the following:

"There shall be formed out of the southern portion of the County of San Francisco a new county, to be called San Mateo.

"The boundaries of the County of San Mateo on all sides, except north, shall be identical with the County of San Francisco, as they existed on the 18th day of March, 1856. The said County of San Mateo shall be bounded on the north by the City and County of San Francisco."

And thus it was, in the golden days of the fifties, that San Mateo county became a unit in the government of the State of California. The bill provided for a County Judge, a County Attorney, a County Clerk, who should be exofficio County Recorder, a Sheriff, a County Surveyor, an Assessor, a Treasurer, a Coroner and a Public Administrator.

The election for County officers and to determine the county seat was held on the second Monday in May, 1856. Belmont was announced as the first county seat. The election, however, was contested, in the recount the votes of three precincts were counted out, and Redwood City was declared the county seat.

Subsequently the Supreme Court, inan opinion written by Justice Heydenfelt, held that the act of April 19, 1856, did not go into effect until the first day of July of the year, and hance that the election held in May was viod. This threw matters into a chaotic state. The county government as organized continued in force, however, until a more stable organization was effected by a bill introduced in the legislature by Hon. T. G. Phelps, entitled, "An Act to Reorganize and Establish the County of San Mateo." which became a law on April 18th, 1857.

But the real organization of the county dates from the middle of the year 1856. It was then the machinery of government was put into operation. And it is fitting that the Fourth of July, 1906, has been selected to commemorate that event.

A committee has already been selected to make arrangements for the celebration. The anniversary is to be the occasion also of the dedicati n of the new court house building which by that time will be fully completed, and every effort will be m de to make the celebration worthy of San Mateo's fiftieth birthday.

GOVERNMENT OWNERSHIP.

The fact that during the first three days of the present Congress more than thirty bills providing for the expansion of the powers of the national government were introduced indicates the scope and spread of the hysteria of federal control.

The bills came from all sections of the country and they touch at all angles the problem of centralized authority. They provide for the government ownership and operation of telegraph lines; for the establishment of a parcels post system; for federal control of railroad rates; for the national supervision of insurance companies; for the creation of a postal savings bank arrangement; for the federal licensing of incorporations engaged in interestate business; for the establishment of a railway capitalization commission; and so on from Dan to Beersheba.

The old notion that the least governed people is the best governed people is played out, and the present day fad is that if thefunctions of administration are sufficiently expanded everybody will be rich, healthy and contented. The microbe of centralized authority and of federal control has become a god before whicl many people are ready to bow down and worship. The theory that the volume of popular welfare depends on the volume of government is just now being overworked and is allowed no holidays.

Many of the measures which have been thrust into Congress and which provide for national control over this that and the other branch of human endeavor are raw, crude and misfit—and the only redeeming feature of many of them is that they cannot pass. No extension of the powers of the national goverment should be made except along conservative lines, nor should any be adopted until the need and wisdom of it are made mani fest in the most positive way as a measure of general good.—From the Bangor, Me., Commercial.

Broke His Neck.

Donald J. Campbell, night watchman at Palo Alto, was found dead at an early hour Wednesday morning. the body lying just within the door at the home of Frank Worrell, 124 Hamilton avenue, where he roomed. He was found lying at the foot of a long flightof stairs, in such position that indicated he had fallen down the stairs, and upon examination it was found that his neck was broken.

Lower Insurance.

Recently the insurance agents of this city joined in a petition to the Board of Fire Underwriters of San Francisco, asking that the rates be reduced in view of the fact that the local equipment for fighting fire had been greatly improved within the past few months by the laying of new mains, the installation of new and modern hydrants, the purchase of a chemical engine and by making connection with the Frank Tannery's fire pump. The matter has been under consideration by the San Francisco authorities and this week Mr. Behrens received the following notice from one of the officers.

Dear Sir: Beg to acknowledge receipt of your favor of 24th inst., which I have noted with very much interest I have promptly laid the matter before the Board office, and it will be thoroughly discussed at meeting of the executive committee, to be held to-morrow. I am a member of that committee and shall insist that immediate action be taken, as from your statements it is evident that re-rating of Redwood City under reduced schedule is thoroughly warranted.

A Healing Gospel.

The Rev. J. C. Warren, pastor of Sharon Baptist Church, Belair Ga., says of Electric Bitters: "Its cured me of lame back, stiff joints, and complete physical collapse. I was so weak it took me half an hour to walk a mile. Two bottles of Electric Bitters have made me so strong I have just walked three miles in 50 minutes and feel like walking three more. Its made a new man of me." Greatest remedy for weakness and all Stomach, Liver and Kidney complaints. Sold under guarante at Ryan's Drug Storee Price 50c.

The Luckiest Man in Arkansas.

Stanley, of Bruno, "since the restoration of my wife's health after five years of continuous coughing and bleeding from the lungs. and I owe my good fortune to the world's greatest medicine, Dr. King's New Discovery for Consumption, whic I know from experience will cure consumption if taken in time. My wife improved with first bottle and twelve bottles completed the cure." Cures the worst coughs and colds or money refunded at. At P. A. Ryan's druggist. 50c and $1.00. Trial bottle free.

A SALARIED OFFICE.

The Supreme Court on Tuesday handed down a decision sustaining a recent opinion of Judge Gesford of Napa, holding the office of justice of the peace to be a salaried instead of a fee office.

The decision of the Supreme Court reverses a decision recently handed down by the District Court of Appeals, which declared subdivision 13 of section 184 of the county government act unconstitutional. This is the section which provides for the classification of townships by population for the purpose of fixing the compensation of constables and justices of the peace. The decision of the Appelate was brought about by the appeal from the Superior Court of Napa county, holding this section of the governemtnt act to be constitutional, the decision being rendered in the case of William D. Johnson against H. L.Gunn, as auditor of Napa county, to compel the latter to draw his warrant of $55, a month's salary, under the terms of the section of the government act referred to. Now comes the Supreme Court reversing the decision of the District Court of Appeals and declaring the county government act constitutional.

NEW CENTRAL THEATRE
San Francisco.

Manager Howell of the Central promises one of the rarestreats of the season next week in the production of Charles Dickens' immortal romance "A Tale of Two Cities," with Mr. Landers Stevens in the role of Sidney Carton, made famous throughout the country by Henry Miller in a version of thesame story which he called "The Only Way." The entire company will appear with a hundred extra people. "My Tom-Boy Girl," will positively be the next attraction with Georgie Cooper in the title role.

THE MAJESTIC,
San Francisco

Commencing next Monday night the beautiful production of Justin Huntley McCarthy's miracle play will enter its second week at the Majestic Theatre. Manager Bishop has gained a reputation for producing plays at popular prices that will compare with any productions on the stage regardless of price but in "The Proud Prnice" he has eclipsed anything ever before attempted.

The scenery, costumes and cast are equally fine and the result is an ensemble that anystage in the country might be proud of.

As Robert of Sicily, Franklyn Underwood does the best work in his career; Amelia Gardner is a charming Perpetua and Marie Gordon, one of the youngest of the Bishop recruits, shows talent in amostmarked degree as Lycabetta. Under careful guidance Miss Gordon will make a splendid actress. Donald Bowles, Lloyd Ingraham and Frank McVickars will have congenial roles and the entire performance will satisfy and please the most hardened theatre goer.

No one who loves afine play given by an excellant company and in the most sumptuous manner should miss seeing this production of one of the greatest plays of modern times.

The Thursday and Sunday "pop" matinees at the Majestic are really bargains for you can get the best seat on those days for 25 cents.

The next play to be offered will be a military comedy-drama entitled "Bold Sojer Boy" in which the popular Andrew Mack starred with great success.

It is somewhat consoling to remember that the earthly tax dodger may find it difficult to prove his title to a mansion in the skies.

SUPERVISORS MEET.

The New Court House Is Accepted According to Contract.

Monday, February 26, the Board met in special session atabout 11:30 o'clock a. m., after having spent the morning inspecting the newcourt house. It being so near the noon hour an adjournment was at once taken until one o'clock, p. m.

Board met pursuant to adjournment and all the supervisors responded to roll call.

The matter of court house furnishings was temporarily delayed and the attention of the board was directed to the accepting of the new court housé. Mr. Amwirg, of the contractors asked that thebuilding be accepted, and presented the certificate of completion, excepting the front portico, signed by Architects Dodge & Dolliver. The board after some deliberation adopted the following resolution:

Whereas, there has been filed in said Board of Supervisors by Dodge and Dolliver, the architects in charge of the construction of the new Court House, situated at Redwood City, in said County, a certificate under their hands and seal, showing said Court House building to be fully completed, with the exception of the construction of the main portico; and

Whereas, by the terms of the contract entered into by said County and the American-Hawaiian Engeneering and Construction Company, limited, provision is made for the constructio of said portico after the removal of the present old Court House:

Now, therefore be it resolved by said Board of Supervisors that said building be, and the same is hereby accepted, in accordance with the terms of the certificate of said architec heretofore presented to, and now on file with said Board, of date the 15th day of February, 1906.

According to the contract the final payment is to be made at the end of thirty five days after acceptance. Mr. Armwirg stated that the sum of $57,713 was due his company, from which amount he had deducted $5,000 for the incompleted portico and incidental items. This would leave a balance due the company on March 22d of $52; 713.

Mr. MacBain thought that $5,000 was too small a sum to be reserved and suggested that it be in creased to $8,000.

MrArmwirg consented to thisamend ment after which the following resolution of acceptance was introduced and adopted:

This is to certify that the American-Hawaiian Engineering and Construction Company, limited, has c pleted all of the work in and for the construction of the new Court House building at Redwood City, in accordance with the plans and specifications, except the front portico, as provided for in their contract, and are therefore entitled to the sum of fifty-two thousand seven hundred and thirteen 63-100 dollars (52,713.63) as per attached statement.

The matter of the court house acceptance having been completed the supervisors next took up the bids for furnishing the same.

The Art Metal Construction Company and the Yawman-Erbe Maunfacturing Company who filed a combined bid amounting to $20,24621, had representatives present who addressed the board and explained by showing samples, etc., the character of the goods to be furnished. When these companies had concluded, a representative of the Crocker Company whose bid for the furnishings is $25,536.84, came before the board to explain the character ofthe goods that this company proposed to furnish. The board took no action on the matter of bids for furnishings but decided to go to San Francisco Tuesday to inspect the furnishings of the different companies so that they might be able to make abetter selection. The matter was laid over until next Monday.

The following named citizens were selected from the different townships to serve as trial jurors:

IT LOOKS LIKE BUSINESS.

It begins to look as though the Peninsular Railroad Company of San Jose means business. The action of the Board of Supervisors and of the city council of this city seems to have stimulated the promoters of the proposed electric road rather than discouraged them. At San Mateo the railroad people have bought a right of way on Railroad avenue and ask the Board of Trustees to close that thoroughfare to public use in consideration that another avenue of equal length and width be deeded to the city. The board is also requested to expunge a part of Sixth, Seventh, Eighth and Ninth avenues and to convey them to Arthur A. Smith as trustee. In consideration of this action Smith agrees to convey to the city a new street of the same width as Railroad avenue, twenty feet west of it and extending from Fifth to Ninth streets.

This petition is of deep significance, as it settles completely the discussion whether the Peninsula Railroad Company intends to proceed. The railroad company will build its road from San Jose to San Mateo, using private rights of way totap the big district and to make connections with the United Railroads at San Mateo for an entrance into San Francisco.

Low Rates.

The railroads leading to the Pacific coast will place in effect low colonist rates again this year. These reduced rate tickets will be on sale daily from February 15th to April 7th inclusive.

This gives prospective travelers a longer period than usual in which to take advantageof the reduced rates, but on account of the increasing amount of travel to the Pacific coast the railroads decided to extend the dates of sale. Not only are rates in effect to California and Pacific northwest as last year, but Old Mexico is also added totheterritory covered by the reduction.

"General usage has made is lawful to take in the morning a cup of coffee, tea, or chocolate, with a small piece of bread.

"Necessity and custom have authorized the use of lard instead of butter in the preparation of all permitted foods.

"By dispensation, the use of flesh meats is permitted at all meals on Sundays and once a day at the principal meal on Mondays, Tuesdays, Thursdays and Saturdays, with the exception of Ember Saturday and the last Saturday of Lent.

"Persons exempt from the obligation of fasting may partake of flesh meat at all meals on days when the use of meat is permitted at the principal meal.

"Flesh meat and fish are not to be used at the same meal during Lent, even on Sundays.

"The use of butter, cheese, milk and eggs is permitted every day in Lent.

"By virtue of an indult granted by the Holy See March 15, 1895, workingmen and their families are allowed the use of flesh meat once a day on all the fast and abstinence days throughout the year, with the exception of all Fridays, Ash Wednesday, the Wednesday and Saturday of Holy Week, and the Vigil of Christmas. Those who avail themselves of this indult are not permitted to use flesh meat and fish at the same meal, and are earnestly exhorted to perform some other act of mortification, such as abstinence from intoxicating liquors.

"The Paschal time extends from the first Sunday of Lent until Trinity Sunday, inclusive, during which time all Catholics who have attained the proper age are bound to receive Holy Communion worthily.

"To afford the faithful opportunities of gaining the graces of the Lenten season, it is hereby ordered that in addition to the usual Sunday devotions Lenten exercises be held on two evenings of each week in all the churches of the archdiocese to which are attached resident pastors. On one of the evenings an instruction is to be given, on the other the Stations of the Cross; and permission is hereby given for Benediction of the Blessed Sacrament on both evenings. On Good Friday the Devotion of the Way of the Cross shall be given twice in all parish churches, once during the afternoon and then again in the evening. The afternoon service is for the children, though grown people, especially the old and those who cannot attend in the evening should not be excluded from it. As service in the afternoon is for the children, it should not begin before 3:30 p. m., thus giving them time to reach the church after the closing of the schools.

"The exercises on Good Friday afternoon shall consist of the Stations of the Cross, with a singing in English of a verse of theStabat Mater, and a short sermon relating to the passion and death of our Lord, and the reading of the prayers to the Five Wounds. I strongly recommend all who have pastoral charge of souls that wherever possible, the children be brought to their respective parish churches on every Friday afternoon during the Lenten season for the Devotion of the Way of the Cross and a short sermon relating to the passion of our Lord.

"Whenever this is done permission is given to have Benediction of the Blessed Sacrament at the afternoon service, as well as at the evening service, with the exception, of course, of Good Friday.

"The faithful are reminded that besides hte obligations of fasting imposed by the church the season of Lent should be in a very special manner a time for earnest prayers of sorrow for sin, of abstention from amusements which, not sinful in themselves, are permitted during other portions of the year, and of generous almsgiving to the poor.

"To comply with the decree of the Third Plenary Council of Baltimore a collection will be taken up on the first Sunday of Lnet at all the masses and at vespers for the missions among the Indians and negroes."

PATRICK W. RIORDAN.
Archbishop of San Francisco.

Found Guilty.

The trial of Harry Stanley, the San Mateo freight car robber, resulted in a verdict of guilty. The young man was tried before a jury on Wednesday and it was shown that although a mere youth his reputation is quite shady and that he has already served one term in the penitentiary. The jury in rendering its verdict recommended leinency in sentencing the convicted man.

A. D. Walsh Guarantees Hyomei to Cure Catarrh or it Costs Nothing.

In view of the prevalence of catarrhal troubles at this season of the year, I want to tell your readers that I never sold anything that gave more satisfaction than Hyomei, when used in catarrhal troubles. You get immediate relief from the treatment, and consistent use will prove to every sufferer, as it has to many of our customers, the virtue of this preparation.

Personally I am interested in Hyomei, for it is made and sold on honor, and I do not want your money unless you are benefitted and satisfied.

There is no stomach dosing in connection with Hyomei. It is a thoroughly local treatment for a local disease, and its soothing, healing medication goes direct to the spot where it is needed.

The complete Hyomei outfit consists of a pocket inhaler, a medicine dropper, and bottle of Hyomei, and the price is only $1, while additional bottles can be obtained for 50 cents.

I positively guarantee a cure when Hyomei is used in accordance with directions, or I will refund your money. This certainly shows my faith and belief in the virtues of Hyomei.

Yours very truly,

A. D. WALSH, Pioneer Drug Store, now in New Fitzpatrick Building, A St., Redwood City.

OLD PIONEER STORE

The Great IMPERIAL ENCYCLOPEDIA and DICTIONARY is now Complete

THE LATEST, GREATEST, LARGEST, BEST AND CHEAPEST OF ALL AMERICAN ENCYCLOPEDIAS. DELIVERED TO YOU AT ONCE FOR ONLY A FEW CENTS A DAY.

TWENTY-EIGHT THOUSAND PAGES .·. SEVEN THOUSAND ILLUSTRATIONS .·. FORTY VOLUMES

EIGHT REASONS WHY YOU SHOULD OWN THIS WORK

FIRST—It is the **most modern** Encyclopedia in the English language.

SECOND—It is the **only great Encyclopedia** that is issued in handy volumes (5x8 inches, weighing 2 pounds each). There is no possible reason for publishing Encyclopedias in great bulky volumes, weighing from 6 to 8 pounds, as is the case with all the older Encyclopedias. This work is issued in the most convenient size, each volume being light enough to hold in the hand during consultation.

THIRD—It includes within its one alphabetical arrangement not only an **exhaustive Encyclopedia** of universal knowledge, but also an **unabridged dictionary** of the English language.

FOURTH—The introduction of derivation and pronunciation, neither of which has heretofore been given by any Encyclopedia. The value of this feature and the modern character of this work will be easily appreciated.

FIFTH—It covers a far **greater range of topics than is covered by all other Encyclopedias**, each topic being systematically subdivided, thus facilitating consultation, and an extended scheme of cross-references being added, assures the satisfactory development of such topics as may be sought.

SIXTH—This work is absolutely **free from partisanship** and sectarian bias.

SEVENTH—Following the dissertations of important topics are given extended bibliographies by which the reader may enlarge his course of reading if so inclined. The biographies of authors are given, also precise records of the work they have published.

EIGHTH—Aside from the **7000 line drawings**, which are inserted as an aid to the text, there are scores of **full-page portraits** of the greatest men of history.

Former Prices Prohibitive

Heretofore the best Encyclopedias have been put on the market at abnormally high figures, ranging from $80 to $120—prices which only the very rich could afford to pay. In order to overcome this obstacle, the Pacific Newspaper Union has made arrangements with the publishers of the **New Imperial Encyclopedia** for an entire edition of that splendid work, which will be distributed to the public at about the **actual cost of manufacture** and on terms within the reach of every income.

Direct From Binder to You

The Co-operative Plan

In entering upon this great educational enterprise, the Pacific Newspaper Union acts as a purchasing agent, representing both the publishers and the public. On account of our immense purchasing and distributing powers, we are able to guarantee the sale of a very large edition. The plan is to distribute it by means of a **great Co-operative Club**, which will entirely **eliminate all middle profits.** Complete sets are shipped direct from the binders to purchasers. As a result of this great saving, those who join the Club are able to secure this newest and best reference library at a **price heretofore unheard of in the annals of publishing.**

What It Means To You

The possession of this great Encyclopedia means a great deal to you and your family. It is the **most important set of books you could possibly purchase,** as it gives you complete and definite information on every subject—history, science, geography, politics, religion, commerce, philosophy, etc.—**written in words that all can understand.** Any one can get a liberal education out of a good Encyclopedia.

For the children it answers every question that comes into their inquiring minds; for older people, it serves as a complete home university, supplying the latest and most authorative information on every subject.

Not Hard to Read

THE NEW IMPERIAL ENCYCLOPEDIA differs from other reference works previously published in that its articles are **not technical,** or hard to read, but are written in a **simple, clear and interesting** manner. The aim of the editors was to eliminate so far as possible, all minute details and weighty opinions, giving all the facts, but the facts only. The advantage of such a work is that it **will be read and enjoyed by every member of the family.**

HOW TO GET A SET

It is impossible in this limited space to describe the plans and purposes of the Club and the plan of sale whereby members may have the complete Encyclopedia delivered to them at once, and pay for it at the rate of a few cents a day. If you are interested, write to-day for full particulars. Do not put it off until to-morrow; to-morrow may be too late. Only one edition has been contracted for, and when it has been distributed no more applications will be received. This Club was organized for your benefit. No one will be to blame but yourself if you do not get an Encyclopedia now while the opportunity is here. Tear off the coupon and mail it to us to-day. An opportunity like this may never occur again in your lifetime.

"KING OF THE DESERT MINE."

"Scotty's" Great Ride Will Be Dramatized as Melodrama.

There is no doubt that the fame of "Scotty's" great ride over the Santa Fe from Los Angeles to Chicago, is to be perpetuated on the stage, as a company has been organized and is now on the road to produce the "King of the Desert Mine," a melodrama in four acts and eleven scenes.

"Scotty" hmiself is to take the star part assisted by "Slim," his mul; and although thee advance notices don't state whether "Slim" is to have a speaking part or not, it is presumed that his characterization will be true to life.

The play is written by Chas. Taylor of New York and the cast of characters follows:

"Scotty;" John Deming, a mine owner from Denver; Arthur Crowell, representative of the Santa Fe railroad; Black Pete, a prospector; Jerry O'Toole, a bridge tender of the Santa Fe; Ikey Einstein, a Wall St. speculator; Eat-Em-Pp-Jake, a Dutch emigrant; Diamond Jack, a bar-keeper; Potter, a newsboy; Long Shot, a newspaper reporter, also Scotty's guide and cook; The Man of Sears, Scotty's pal; "Slim Jim," his mule; Laughing Water, the pet of the Gold Run; Long Eve, the mistress of the "Red Light;" Kitty Skootum, Jake's Frau; Alice-Where-Art-Thou, struck on the stage and Scotty.

San Francisco, March 25th; Stockton, April 2nd; Fresno, Hanford, Visalia, Tulare and Bakersfield following, then Los Angeles, April 8th; Santa Ana and San Diego, April 17th and 18th; Riverside, San Bernardino, Redlands and thence east over the Santa Fe.

HARDWARE MEN BANQUET.

They Had a Gay Time at Delmonico's, San Francisco.

Prominent hardware men of San Francisco had a gay time at Delmonico's Saturday evening. The occasion was a complimntary banqueet given by the Palace Hardware Company to Robert J. Wisnom, who has been connected with the company for sixteen years, but who is now retiring to enter into business in San Mateo. Oscar F. Sites was the toastmaster at the banquet. Mr Sites is the vice-president and manager of the company. He proved to be a clever toastmaster and the walls rang with the fun of the evening. Among those present were past members of the company, present members and a party of ladies.

F. H. Ellis, president of the Palace Hardware Company, presented Mr. Wisnom with a fob. Mr. Sites presented him with a silver pitcher. The gifts represented good will on the part of the company and the employes for Wisnom. The speeches of the evening were informal. Some verses were read indicative of the difficulties encountered by the "hardware man." Hawaiians furnished instrumental and vocal music. Among those present from San Mateo were Mr. and Mrs. Robert J. Wisnom, Mr. and Mrs. C. A. Vandenbos, Miss Annie Wisnom and John Wisnom.
